Twp. Park

Snowmobiles are permitted on the right-of-way or shoulder of all county roads provided they are operated in accordance with the laws of the State of Michigan.

The Board of County Road Commissioners has established a seasonal county road system pursuant to Section 5a of Act No. 51 of the Public Acts of 1951 (MCL 247.655a) as amended by Act 184 of 1981. Seasonal roads are under the Road Commission's jurisdiction and are not open to public travel during the months of November through April and will not be maintained. When placing a road on the seasonal system, the Board gives consideration for the months of November to April to the volume of motor vehicle traffic that uses the road, buildings along the road used as a principal residences, grade variations, concealed obstructions, road alignment or other topographical features that would effect removal equipment that is normally used by the Road Commission for winter maintenance.
